

# BRICKFORM Premium Sealers

BRICKFORM sealers bring out the natural beauty of the textures and color unique to a decorative surface. At the same time, these superior, durable sealers protect the finish from sun damage, yellowing, scuffing and premature wear. Stamping, coloring and sealing make up the dependable BRICKFORM systems approach for success.

## Satin Cure & Seal™ **NEW** Zero VOC

Satin Cure & Seal is a water based, clear acrylic co-polymer curing compound, dust proofer and sealer all in one. Satin Cure & Seal minimizes moisture loss from evaporation in newly placed concrete to provide maximum strength, hardness and protection. Reducing water evaporation loss will result in a stronger, denser, more durable concrete with higher compressive strength, and better crack and freeze-thaw resistance.

## Gem Cure & Seal™ **NEW** 650 VOC, 350 VOC or 100 VOC

Gem Cure & Seal is a solvent based, clear acrylate co-polymer curing compound, dust proofer and sealer all in one. Gem Cure & Seal minimizes moisture loss from evaporation in newly placed concrete to provide maximum strength, hardness and protection. Reducing water evaporation loss will result in a stronger, denser, more durable concrete with higher compressive strength, and better crack and freeze-thaw resistance.

## BRICKFORM Traction Grip™ **NEW**

Traction Grip is an anti-slip micronized powder that adds texture to decorative sealers (BRICKFORM Gem-Seal, Poly-Seal, and Satin Seal). The lightweight spherical shape and clarity gives Traction Grip its specific properties. Applications include inclined driveways, garages, steps, patios and pool decks

- No sharp edges
- Disperses easily
- Does not affect color

## BRICKFORM Strip-It™ **NEW**

BRICKFORM Strip-It is an environmentally sound and user-safe stripper for solvent-based sealers and paints. Strip-It may be used on all masonry surfaces including concrete, quarry tile, ceramic tile, terrazzo, cementitious overlays and other surfaces. Strip-It meets 2005 California Air Resources Board V.O.C. standards (less than 50% V.O.C. by weight).

- Non-flammable
- Contains no methylene chloride

## BRICKFORM Poly-Astic

Premium, High-Build, Poly-Aspartic Sealer - Zero VOC

BRICKFORM Poly-Astic is a two-part high solids, high build sealer designed for interior use on concrete or masonry surfaces. Poly-Astic allows for single coat high film thickness in a water clear finish. Poly-Astic provides a very smooth, mirror like finish not attainable with any other product.

- Non-yellowing, crystal clear
- Interior use only
- Enhances color
- Easy to apply

## BRICKFORM Gem-Seal

High-Gloss Sealer - 400 VOC or 100 VOC

BRICKFORM Gem-Seal is a high-gloss, solvent-based, non-yellowing sealer. A light coating of this UV-resistant sealer will protect and enhance colored and textured concrete. Use BRICKFORM Gem-Seal on porous concrete and masonry to form a shield against stains and mildew.

- Non-yellowing, crystal clear
- Dries to a "wet-look" finish
- Interior/exterior use
- Enhances color

## BRICKFORM Poly-Seal

High-Sheen "Wet-Look" Sealer - 650 VOC

BRICKFORM Poly-Seal is a high-gloss, solvent-based, super-tough acrylic sealer that is easy to clean and maintain. Poly-Seal protects with a UV-resistant coating that penetrates the surface to retard efflorescence and resist oil, grease and food stains.

- Non-yellowing, crystal clear
- Dries to a high-sheen finish
- Interior/exterior use
- Enhances color
- Available in some markets

## BRICKFORM Safety-Seal

with Traction-Grip, Low-Sheen Sealer  
400 VOC or 100 VOC

BRICKFORM Safety-Seal is designed to be slip-resistant and is ideal around pool decks and areas where water or moisture can accumulate. Safety-Seal is a solvent-based sealer that protects concrete surfaces from stains and mildew. BRICKFORM Safety-Seal dries to a beautiful matte finish that is UV-resistant.

- Lacquer based
- Dries to a low-sheen finish
- Interior/exterior use
- Micronized slip-resistant additives

## BRICKFORM Satin-Seal

Satin-Finish "Natural-Look" Sealer - 100 VOC

BRICKFORM Satin-Seal is a non-flammable product, designed to protect concrete with a satin finish. This water-based acrylic VOC-compliant sealer reduces the effect of efflorescence on porous surfaces, while forming a non-yellowing, scuff-resistant finish that resists moisture penetration.

- Non-yellowing
- Dries to satin-finish
- Interior/exterior use
- Scuff-resistant

## BRICKFORM Matte-Magic

Gloss Reducing Additive

BRICKFORM Matte-Magic is a liquid, field-added, flattening agent additive for Brickform solvent based sealers. The original topcoat gloss is reduced based on the amount of additive used. The finished gloss reflectance can be varied from semi-gloss to satin. Matte-Magic comes in 8 oz units, each unit is added to a 5 gallon sealer for gloss reduction. If more reduction is desired, a second unit may be added.

- Effectively reduces gloss
- Reduced reflectance helps distinguish floor color
- Liquid additive is easy to measure and mix
- Additive does not affect viscosity
